ANNOUNCEMENT

In the interest of achieving Manufacturers Coupon Control Center's objective of providing the best possible service to our customers, two Senior Managers who report to me will be relocating.

Mr. Roger Shaw, Executive Vice President
Director of Marketing

During the first half of 1986, Mr. Shaw will move his office to Wilton, Connecticut. Roger will be working closely with me in the development and implementation of MC3's business strategy as well as directing product improvement projects for our customers.

Mrs. Lillie DelMastro, Site Manager

Mrs. DelMastro will transfer from Elm City, North Carolina to El Paso/Juarez during June. Lillie will continue to manage the production groups and redemption team coordinators that service Donnelley originated accounts. In addition, she will assist in the implementation of the best demonstrated production practices throughout MC3.

I know that Lillie and Roger would enjoy hearing from you, wishing them well in their new locations, as they respond to the challenge and opportunities to make Manufacturers Coupon Control Center the best run business unit in the world.

J. Robert Wright
Executive Vice President
General Manager
